| 1. Reversing at the beginning and end when machine sewing. | To neaten the edges of the fabric to prevent it fraying. |
| 2. Overlocking. | To make the work look neat and tidy. |
| 3. Snipping thread ends. | To strengthen the stitches to stop them coming undone. |

4a) You have the choice of either decorating your pencil case by making a pompom or sewing on buttons. Which decorative technique would you choose?

I would choose

4b) Give two reasons why you would choose this method (*there's no right or wrong answer*).

The reasons are
